WID/GAD The WID (or Women in Development) approach calls for greater attention to women in development policy and practice, and emphasises the need to integrate them into the development process. In contrast, the GAD (or Gender and Development) approach focuses on the socially constructed basis of differences between men and women and emphasises

Gender and Development: Concepts and Definitions

6. The economic empowerment of rural women requires better access to, and control over, key resources including information and communication technologies (ICTs). The economic life of rural women continues to be mainly limited to the household. To encourage rural development we need to empower rural women.

Rural Women, Partner in the Development Process

Chapter 5 RURAL DEVELOPMENT INTRODUCTION There are no universally accepted approaches to rural development. It is a choice influenced by time, space and culture. The term rural development connotes overall development of rural areas to improve the quality of life of rural people. In this sense, it is

Chapter 5 RURAL DEVELOPMENT - Planning Commission

The meaning of rural development has been the subject of much debate and little agreement. The definition of rural development varies from one point of view to the other. The definition of rural development has evolved through time as a result of changes in the perceived mechanisms and/or goals of development.
