Most have needed to work, and, more often than British-born women, work full-time. So this is an unusual study, looking as it does at how the lives of women migrants, and especially their working lives, have been shaped by their gender as much as, and sometimes more than, by their cultural backgrounds.

Migration and Gender 9 Gender and Migration Gender-based analysis addresses the following points in a policy and programme planning setting: • identification of the differences in the lives of men and women and if these are addressed by the proposed policy and/or programmatic intervention

### **Migration and Gender - IOM Kenya**

It is recognized that a person's sex, gender, gender identity and sexual orientation shape every stage of the migration experience. Gender influences reasons for migrating, who migrates and to where, how people migrate and the networks they use, opportunities and resources available at destinations, and relations with the country of origin.
