that can have serious consequences for your health. Pressure Points Even short-lived, minor stress can have an impact. You might get a stomachache before you have to give a presentation, for example. More major acute stress, whether caused by a fight with your spouse or an event like an earthquake or terrorist attack, can have an even bigger impact.

How Stress Affects Your Health

If you smoke, which increases your risk of heart disease, cancer, and other health problems, quit smoking as soon as possible. If you think you need to lose weight , talk with a health care professional first.
